Admission for September-10 exam  
has started

Vol. 10

April 2010

### Launching for the first time in India

Dear Readers,

It gives me immense pleasure to announce **India's First Complete Aesthetician Program powered by CIBTAC (UK) qualification.** This unique program prepares students to be readily employable with all criteria for recruitment being met. Namely highly skilled. Vastly knowledgeable and qualified with one of the world 's most reputed qualifications from CIBTAC.

This six-month part time program provides flexibility to candidates wanting to take this program at their convenient time. Compulsory commercial hours ensures students have real hands-on practice before they appear for their examination.

Existing beauty professionals wanting to **upgrade** themselves and aspiring to obtain a recognized qualification have a golden opportunity NOW!

This program, in my opinion, would become an Industry benchmark for any prospective employer, and one of the safest bet to hire beauty professionals.

LTA would continue to innovate and introduce programs which is contemporary and relevant to industry. In case you have any suggestion please mail at [vaishali.k@ltaindia.org](mailto:vaishali.k@ltaindia.org)

**Ms. Vaishali K.**  
Director - LTA School of Beauty

**Ms. Pamela Adkins**
