enrolment.

Installment &  
Bank Loan  
Facility  
available

Stay  
arrangement  
for outstation  
students can  
be arranged.

## Why is CIDESCO Qualification so special !!

There are many reasons why almost every beauty therapist worldwide aspires to be CIDESCO qualified let me state some top reasons.

It is one of the most comprehensive Beauty Therapy program with due weightage given to theory and practical.

Complete syllabus takes minimum 1200 hrs of training which includes Anatomy & Physiology, basic ancillary beauty services, electrotherapy facial and body treatment along with make-up training.

Perhaps the only program to have special projects designed to encourage students to seek knowledge beyond their syllabus and improve their documentation and research skills.

Great emphasis on client safety and hygiene practise.

Completely unbiased student assessment by neutral examiner from overseas destination.

You obtain CIDESCO diploma only when you complete minimum 600 hrs of actual salon experience after your final assessment. An excellent CIDESCO practice which would ensure students are not only qualified through controlled learning environment but also have real life practice in real environment before they are certified.

Eminent personalities on board for over 60 years and presence in 33 countries has lend tremendous credibility to CIDESCO qualification and is easily the most preferred qualification among employers world wide.

CIDESCO qualification is considered as your passport to international beauty career

CIDESCO annual conference provides excellent opportunities for CIDESCO graduates to upgrade their knowledge

Post Graduate Diploma (PG Diploma) in CIDESCO allows everybeauty therapist having over 3 years of working experience to get this certification in shorter duration.

CIDESCO Qualification - guarantees best jobs in Industry

“ I would say if there is one beauty qualification you must have in your life time then it has to be CIDESCO from Switzerland. ”

Happy Qualification
